Official Announcement That it is the
Purchaser of Terminal.

ROAD WILL BE USED JOINTLY

By the Pennsylvania, Baltimore &
Ohio and Wheeling & Lake Erie.
The Former's Officials Communi-
cate With Local People, and the
Transfer Announced Officially in
New York.

The exclusive announcement in the
Intelligencer the day following the sale
that the Pennsylvania Railroad Com-
pany was the purchaser of the Wheel-
ing Bridge and Terminal Company's
property received its confirmation yes-
terday, when the official announcement
to that effect was made to the Intelli-
gencer's New York representative. As
previously stated the Terminal's hold-
ings will be used jointly by the Penn-
sylvania, the Baltimore & Ohio and the
Wheeling & Lake Erie.

Last night the Intelligencer received
the following confirmation of its pre-
diction:
Special Dispatch to the Intelligencer.

NEW YORK, June 5.—Official an-
nouncement was made to-day to the
Intelligencer's representative that the
purchaser of the property of the Wheel-
ing Terminal Company is the Penn-
sylvania railroad, which gained the ascend-
ancy at the recent foreclosure sale.
That company was the largest holder
of the first mortgage bonds, having a
majority of the outstanding \$2,600,000.
The purchase was made under an amic-
able arrangement with the other bond
holders, the Wheeling & Lake Erie rail-
road, etc., and the bridge and other
Terminal property will be used jointly
by the Wheeling & Lake Erie, the Bal-
timore & Ohio and the Pennsylvania rail-
roads.

Further evidence of the fact that the
Pennsylvania is now the owner of the
Terminal was conveyed in a telegram
received yesterday by Special Master
George E. Boyd, Jr., from Judge Brooks,
second vice president of the Penn-
sylvania Railroad Company, advising him
not to proceed further in the matter of
the accounts of the receiver of the Ter-
minal until the Pennsylvania is repre-
sented by attorney in this transaction.

There was guessing in all directions
as to the probable purchasers of the
property and all conjecture is now at an
end.

THREE RECRUITS

Secured in Wheeling for the United
States Marine Corps.

Lieutenant O. H. Rask, recruiting off-
icer for the United States Marine Corps,
United States Navy, came down from

Pittsburgh, Pa., yesterday morning to
swear in the first batch of recruits from
the Wheeling office. Corporal Boyer
had six candidates who had success-
fully passed the medical examiner. Three
of them, however, are minors, who had
received their father's written consent,
but they could not be sworn in before
permission had been obtained from Gen.
Charles Heywood, commandant of the
marine corps. This permission will be
obtained by next Friday, when Lieuten-
ant Rask will make his next visit to the
local office.

"I am very well pleased with the out-
look so far," said Lieutenant Rask.
"The three men I enlisted here to-day
are splendid in every way. They will
make good soldiers. You know the
navy is very popular with the people
now. I am getting a great many good
men in Pittsburgh and I understand the
other recruiting officers are as success-
ful as I, if not more so."

"The opportunities to see the world—
or a good part of it—brings us many
men. Then the sea service is a great
drawing card. You would be surprised
how anxious some of these applicants
are to get to sea."

"It certainly is a very interesting life
these mariners lead. They don't suffer
from ennui, nor do they get sleepy in
our small posts. Now those men I have
just enlisted may be on a man-of-war,
bound for the Mediterranean or China
in four months. They will remain at
the League Island navy yard, Philadel-
phia, where I have sent them to-day,
for about three months."

"Then they will be sent to sea, or to
some place where they are needed, per-
haps to the Philippines, perhaps to
Porto Rico. To-day 108 marines are
guarding the United States legation in
China. Should anything happen so that
the "Boxers" get riotous in Peking, it is
the marine who is there to protect the
missionaries and our interests. It's a
wide-awake sort of life a marine leads,
and he likes. If you doubt what I say
ask him."

HOT MORNING BREAKFAST.

Comfort Depends on Food.

It is not so easy to arrange a tempting
breakfast for a hot morning, but every-
one appreciates such a breakfast, and
enjoys the relief from the heated blood
caused by a meat and coffee break-
fast.

In fact, by skillful selection of food
even the hottest day can be made quite
comfortable.
Start with fruit of some kind, then a
dish of Grape-Nuts food with cold
cream, one or two soft-boiled eggs, a
slice of bread and butter and a cup of
cocoa or Postum Food Coffee. On that
sort of meal one will be fully nourished
until the mid-day.

Grape-Nuts food is concentrated and
powerful, imparting to the user a sense
of reserve force and strength. The
strong man thinks the weather moder-
ate and comfortable when the nervous,
weak man thinks it unbearably hot.
Grape-Nuts is perfectly cooked at the
factory, and ready for instant use, cool
and delicious, requiring no hot stove
and cross cook on a hot morning.
"Health is a matter of wise selection of
food and a contented mind."

IMAGINATION

Plays the leading part when it comes to buying clothes of
a tailor. You imagine they are better, because you are pay-
ing more. Now, we do not make to order, but we make to
fit; and if you buy here, we make you judge and jury; be-
sides, if the clothes do not wear, if they do not give satis-
faction in every way, we give your money back.

The most important point in a suit of clothes—after the
quality of the cloth is considered—is the care and skill dis-
played in making it. On that point alone is based the
charges of the highest-priced tailors.

In our New Spring Suits you will find skill, care and
taste displayed to an extent far beyond the best previous
standards.

\$10.00 for a Suit of Excellent Serviceable Quality.

\$15.00 for Better Ones.

\$22.50 for Elegant Suits—of Quality Seldom Excelled.
